

BUDGET REPORT

DATE: JUNE 16, 2000
TO: BOARD OF DIRECTORS
FROM: RICK ANGRISANI, DISTRICT MANAGER
RE: FISCAL YEAR 2000-01

BACKGROUND

Last April, the property owners within the District approved, by ballot, assessments to cover the routine maintenance and operations needs of the District. The ballot measure also approved increases in the annual assessment not to exceed the CPI.

This budget proposes to continue funding just the routine operations of the District through assessments. Other items of work, such as the geotechnical investigation, will be funded out of the remaining reserves.

The most current year to year increase available for the CPI is 3.7% (April 1999 to April 2000).

FY 2000.01

Following is the recommended assessment and budget for the GHAD for FY 2000-01 (see Exhibit A for the method of assessment):

INCOME

Assessments	\$25,927.90
Interest on Funds	<u>4,072.10</u>
TOTAL INCOME	\$30,000.00

EXPENSES

District Operations & Maintenance	\$28,000.00
Collections	<u>2,000.00</u>
TOTAL EXPENSES	\$30,000.00

EXHIBIT A

OAKHURST GEOLOGIC HAZARD ABATEMENT DISTRICT

METHOD OF ASSESSMENT

A geologic hazard abatement district is essentially a benefit assessment district. Therefore, the assessments must be apportioned to individual parcels according to the benefit received.

Based upon discussions with the City's consultant, Randy Leptien of Leptien, Cronin & Cooper, the various areas and types of development in Oakhurst require that the assessments be broken down by area as well as type of unit. The areas have been broken down to reflect, as much as possible, units with an equal amount of risk and benefit.

The total development has been divided into three areas for assessment:

Area 1	Lower 6000's, lower 5000's, Duets, and Townhouses
Area 2	Upper 6000's, upper 5000's, 8,000's, condominiums
Area 3	10000's

After reviewing the needs of each area and the benefits of the District to each area, we have assigned each area the following share of the District's costs (including reserves);

Area 1	25%
Area 2	50%
Area 3	25%

As will be noted, the number of units in each area is not considered a factor and the amount of assessment per unit will vary greatly from area to area. Since we have different types of housing mixed in Areas 1 and 2, we have assigned different assessment units to each type of housing as follows:

Single Family (regardless of size)	1.00
Duets	0.75
Multi-family	0.50

FY 1999-00

This year, the District is complete and consists of 200 single family homes, 226 duets, and 169 townhouses in Area 1; 612 single family homes and 136 condos in Area 2; and 141 single family homes in Area 3.

Summary of Assessments

AREA I 2000-01 O&M ASSESSMENT			Total =	\$6,485.38		
Subarea	# Units	Type	Factor	Ass. Units	00/01 Asses	Total
Tr. 6990	92	sfd	1.00	92.00	\$14.28	\$1,313.76
Tr. 7065	108	duets	0.75	81.00	\$10.72	\$1,157.76
Tr. 7066	117	multifamily	0.50	58.50	\$7.14	\$835.38
Tr. 7303	52	multifamily	0.50	26.00	\$7.14	\$371.28
Tr. 7311	118	duets	0.75	88.50	\$10.72	\$1,264.96
Tr. 7768	55	sfd	1.00	55.00	\$14.28	\$785.40
Tr. 7769	53	sfd	1.00	53.00	\$14.28	\$756.84
Totals	595			454.00		\$6,485.38
AREA II 2000-01 O&M ASSESSMENT			Total =	\$12,962.16		
Subarea	# Units	Type	Factor	Ass. Units	00/01 Asses	Total
Tr. 7256	70	sfd	1.00	70.00	\$19.06	\$1,334.20
Tr. 7257	60	sfd	1.00	60.00	\$19.06	\$1,143.60
Tr. 7260	75	sfd	1.00	75.00	\$19.06	\$1,429.50
