An updated Message to the Clayton Community, from Chief Warren and Mayor Pierce:

The city is lifting the city of Clayton's curfew effective today.

We have learned there is a planned March for Change to The Grove Park in Downtown Clayton, on Friday June 5 starting at 4pm. The March begins at the corner of Ygnacio Valley and Clayton Road, proceeding to downtown. We hold the safety our Clayton community as our highest priority, and will take all precautions possible to maintain safety for all.

We thank you very much for the overwhelming support you have shown us recently. We are committed to serving you and being an integral part of our community.

We will continue to put out information when possible, when doing so does not jeopardize the safety of our community and our officers. Information will be posted on the [City of Clayton home page](#), on [The City of Clayton California](#) on Facebook, and on NextDoor, under agencies.

Chief Warren and Mayor Pierce
